CARING FOR THEIR CHURCH

Bishops, Ministers and Laymen Considering Temporal and Spiritual Affairs.

The African M. E. General Conference Has Spirited Discussions, and Enters Zealously Into the Great Work Before It.

Bishop A. W. Wayman, presided at yesterday's session of the conference, The devotional exercises were conducted by the Rev. W. A. J. Phillips, of Arkansas; the ritual was read by Rev. W. H. Hunter, of Virginia.

On reaching the order of business, Dr. M. E. Bryant, secretary, announced his assistants as

follows: First Assistant-Dr. T. H. Jackson, of Ohio. Recording Secretary-Rev. I. N. Fitzpatrick, of Ala-

First Statistical Secretary—Rev. J. H. Collett. Second Statistical Secretary—Rev. B. A. J. Nixon,

Reading Clerk-Dr. C. Asbury, of Pennsylvania. Engressing Clerk-A. W. Uphan, of New England. The conference confirmed the nominations aftor anhatituting Rev. C. Pierce Nelson for L N. Pitzpatriek.

Bishop Wayman then said that it would be necessary to to adopt a resolution as to the time of beginning and closing the daily sessions. The delegates had the most conflicting opinions, and it was after a great deal of excitement that it was decided to begin the sessions daily at 9 o'clock A. M. and continue until 2 P. M. The Bishop then appointed Rev. I. N. Fitzpatrick, of Alabama, and Rev. G. W. Games, of Missouri, as marshals of the body. After fixing the bar of the conference at the tenth seat from the altar, the Bishop stated that they would proceed to elect members of the committee on episcopacy, and the house decided to appoint one member from each of the annual conferences to serve in such capacity, as follows:

North Alabama, A. W. Atwater; Arkansas, W. A. J. Phillips; Baltimore, J. A. Handy; California, R. L. Beal; Colorado, J. H. Hubbard; Columbia, S. C., W. M. Thomas, East Florida, S. H. Coleman; Florida, A. J. Kershaw; Georgia, J. B. Lofton; Illinois, M. J. Mo-Cracken; Indiana, D. P. Roberts; Indian, G. A. L. Dykes; Iowa, R. Knight; Kansas, P. A. Hubbard; Kentucky, J. M. Turner; Louisiana, A. M. Green; Macon, Ga., E. P. Holmes; Michigan, J. H. Miller; Missiasippi, W. H. Weathers; Missouri, M. W. Bockly; New England, J. T. Jenifer; New York, W. B. Derrick; New Jersey, J. P. Sampson; Alabama, M. E. Bryant; North Carolina, R. H. W. Leak; Northeast Bryant; North Carolina, R. H. W. Leak; Northeast Texas, J. H. Armstrong; Georgia, W. J. Gaines; North Louisiana, J. W. Rankin; North Mississippi, E. W. Stringer; North Missouri, G. W. Gaines; North Ohio, T. H. Jackson; Ohio, W. J. Johnson; Philadelphia, L. J. Coppin; Pittsburg, W. S. Lowery; South Arkansas, Reuben Johnson; South Carolina, L. R. Nichols; South Kansas, J. M. Wilkerson; Tennessee, E. Tyree; Texas, J. E. Edwards; Virginia, E. H. Bolden; West Arkansas, C. S. Berry; West Kentucky, B. F. Porter; West Tennessee, S. R. Reid; West Texas, A. F. Jackson; Central Texas, A. A. Grant.

A lively interest was shown in the selection of the members of this committee, for it is by it the election of additional bishops is to be considered. The matter was given the most searching and critical examination, and the delegates of each conference vied with each other in selecting their leading representatives for membership on the committee. Many differ as to the probable number of bishops to be elected. Conjectures are heard on all sides, and several of the delegations have taken ballots. The prevailing opinion is that only three will be elected.

As soon as the committee was appointed no less than forty delegates arose to be recognized by the chairman, and Dr. Derrick, ministerial delegate from the New York Conference, baving obtained the floor, walked forward briskly to the altar and said: "I hope the roll of the conference constituting the Tenth episcopal district will be called, and that the district will be given representation on all the committees." This sent a current of enthusiasm throughout the body which was met with rounds upon

Dr. T. G. Steward, noticeable in personal appearance for his long, raven locks, slight baldness and rather spare physique, arose to prebetween the church formerly known as the British M. E. Church and the African M. E. Church. Remarks were made by Dr. C. S. Smith, Rev. J. W. Early and Rev. A. M. Green. A committee on the union was appointed as

Alabama, I. N. Fitzpatrick; Arkansas, F. Carolina; Baltimore, T. G. Stewart; California, J. W. Sexton; Colorado, J. A. Hubbard; East Florida, M. M. Moore, Colorado, J. A. Hubbard; East Florida, M. M. Moore; Florida, W. G. Steward; Georgia, S. H. Robertson; Illinois, H. H. Chambers; Indiana, J. H. Clay; Indian, N. Churchill; Kansas, J. W. Braxton; Iowa, A. J. Burton; Kentucky, J. W. Frazier; Louisiana, R. F. Hurley; Macon, Ga. R. A. Hall; Michigan, S. Robinson; Misslssippi, A. J. Miller; Missouri, W. C. Preston; New England. A. M. Upshaw; New York, W. H. Thomas; New Jersey, J. W. Cooper; North Alabama, W. H. Mixon; North Carolina, F. F. Giles; Northeast Texas, H. L. Trapp; North Georgia, C. L. Bradwell; North Louisiana, J. B. Webb; North Mississippi, E. R. Carter; North Missouri, J. C. C. Owens; North Ohio, J. Dickerson; Ohio, J. P. Shorter; Philadelphia, J. S. Thompson; Pittsburg, W. H. Brown; South Kansas, J. W. Wilson; South Carolina, H. Williams; South Arkansas, E. Brown; Tennessee, T. B. Cald-Fouth Arkansas, E. Brown; Tennessee, T. B. Caldwell; Texas, J. L. P. Bradley; Virginia; W. H. Hunter; West Arkansas, C. C. Christburg; West Kentucky, R. Harper; West Tennessee, E. Wilson; West Texas, G. E. Taylor; Central Texas, H. Wilhite.

When the committee on credentials was presenting its report there was great uneasiness me of the delegates and another fus lade of the parliamentarians was looked for. Dr. W. D. Johnson, secretary of education, thought that the names of two influential laymen from the North Georgia Conference should be taken from the conference roll, and having introduced a resolution to that effect, spoke at great length. There was considerable feeling against his speaking, but, being interrupted several times, said that he "intended to produce truth, and that he knew his brethren would listen to it," whereupon he gained a hearing and made some telling flights of oratory. He undoubtedly adheres to the instruction which the great rhetorician. Quintilian, gave his pupils "To take their audience by surprise," and Dr.
Johnson does it in his own inimitable manner.
Dr. W. B. Derrick made some remarks in rebuttal to the argument set forth by Dr. Johnson, but stirred up the "Southern blood" of some of his brethren, which was the cause of bringing about some heated words of discussion from the divines from South Carolina. The feeling ran so high that it was impossible to act on the question, so Bishop Wayman gave way as pre-siding officer to Bishop H. M. Turner, but this brought about no more quietude than prevailed a few moments before. In vain it was tried to eettle the question, and the Bishop announced the standing committees as follows:

The president of the association, Dr. T. M. Hector, of Kekomo, delivers an address this afternoon.

MEN WHO PRODUCE FLOUR

The Millers Begin Deliberations on Matters Relating to Their Industry.

A Necessity for Thorough Organization Is Informally Discussed-Figures as to Indiana's Milling Interests-The Outlook for Wheat.

Although Indiana is one of the very large flour-producing States, the millers complain that there is seemingly less appreciation among them of the advantages of organization than elsewhere in this country. They are endeavoring to make their State organization strong and beneficial, but in many localities where the largest milling interests exist the response to appeals for this purpose have not been altogether satisfactory. It was proposed, yesterday, to begin the annual meeting of the association with a programme of public interest in speeches of welcome by Governor and Mayor and an address by the president, S. B. Boyer, of Logansport, and the introduction to delegates of C. H. Seybt, president of the Millers' National Association, and others of note connected with the industry. The millers, though, were so slow in reaching the city that not more than a dozen reported in the morning at Agricultural Hall, capitol building. No business was attempted until the afternoon, and then, aside from the report of the secretary, the appointment of committees and a short discussion on what should be done to bring the millers into the association, little was done. There were about twenty millers present, but this number will be increased by expected arrivals to-day.

The latest statistics, those of 1886, gathered by State Statistican Peelle, in regard to this industry show that Indiana then had 967 mills. Allowing a small per cent. for omissions in the failure of certain localities to report, the actual number was then no doubt over 1,000, representing an investment of \$9,500,000. The value of raw material used by these mills is more than \$20,000,000, while the value of the manufactured product is over \$37,000,000. The number of than \$1,500,000 in wages. There is an average of ten flour mills in each county of the State. Favette and Starke, which have three mills each, are reported as baving the smallest, while Wayne has the greatest number, thirty-one. When the association met in the afternoon President Boyer spent but little time in addressing the delega tes as it was decided to defer the formal speeches until this morning, when both the Governor and Mayor will welcome the millers to the city. The secretary, D. H. Ranck, of this city, reported briefly on what had been done since the last meeting, and recounted the action taken to advance the organization. One or two district organizations are doing very well, and there are the Northern, Northwestern, Eastern and Air-line associations, the latter in the southern part of the State, which have good membership and are beneficial in their respective localities, but they do not belong to the State association. It was suggested that the main purpose of the work this year should be to bring the district organizations into harmony with the State association, and to this end L. A. Niblack, of Rockport, suggested the appointment of a committee to urge millers to become members.

This would materially aid in advancing local

The president appointed the following committees to arrange certain business for the meeting's consideration: Resolutions, Nicholas Ellis, Evansville; S. E. Loughrey, Monticello; M. H. Blish, Seymour. Nomination of officers: Wm. Styre, Kokomo; James H. Wellington, Anderson; L. A. Niblack, Rockport. District organization: J. E. Loughrey, Wm. Styre, L. H. Blanton, Indianapolis; C. H. Daniels, Franklin and Nicholas Ellis. Mill insurance, L. A. Niblack, Jesse Arnold, North Manchester, and Wm. Green, Attica. The association then adjourned until 10 o'clock this morning, when, in addition to the speeches mentioned, Mr. Seybt will speak on local organization, and C. M. Palmer will read a paper on "Existing Abuses in the Milling Trade." Other papers announced for the day are "Uniform System of Grading." Nicholas Ellis; "Cash vs. Credit in Sale of Flour," L. H. Blanton. In the afternoon the papers will re-late to "Mill Mutual Insurance," L. H. Gibson; "Book-keeping," C. W. McDaniel; "Steam Power for Flouring-mills," Albert Hoppin; "The Exchange System from the Farmer's Stand-point," W. W. Sullivan, and "The Exchange System from the Miller's Stand-point," J. E. Loughrey.

The Outlook for Millers. C. H. Seybt, of Highland, Ill., and whom offi cial connection with the Miller's National Association gives reliable sources of information, thinks the outlook for wheat is very discourag-

"For several years," he said to a reporter, "winter wheat has done so poorly that we could not count on it, and spring wheat has taken the lead, and the profits made by millers have been on it. Spring wheat, too, is grown in the Northwest, where every year the acreage and crop is increasing, so that our hopes have turned in that direction. But this spring everything up there is two weeks late, and the short summer is likely to allow the crop to be frost-bitten. As I came over here from St. Louis, yesterday I did not see a single field of wheat that I would take No, prices will not be high, because India, Russia and Australia and Chili have heavy crops, and can fill up the deficiency left by failure in

this country. Of Ohio wheat, Homer Baldwin, of that State, says it is better than that in other secthe future will bring fair returns. President Boyer says that reports from all parts of the State indicate that not more than half a crop of wheat can be hoped for this year. There is a good report from the extreme north and from the extreme south part of the State. but the central portion is very poor in its pros-pects. He has talked with millers from all over the State, and finds that the estimate of a small crop is general, and that the prospects in his line of business are by no means good. Judging from the present condition of the wheat he says it cannot possibly be above two-thirds of a crop, and will do well if it makes one-half, as

ANOTHER STREET-CAR COMPANY.

It Is to Apply for a Franchise for Horse-Railway Service on the North Side.

most of the reports indicate.

Besides the Chicago capitalists who bought out the Johnsons, and promise improvements in their service, there are other moneyed men from outside who say they are willing to put money into additional car companies for the city. The Dudley cable company states that it will begin work on its lines soon, and during the last three months a half dozen other companies have been talked about as possible applicants for franchises. For several weeks there has been in course of organization one composed mostly of capitalists from Eastern cities, who propose, it is said, to build and operate a horsecar line in case a franchise is granted the Council. The work of organization, it is said, has now been partially completed. and nothing remains but to secure a charter. It was the intention to ask for it Monday night, but on account of the pressure of other business before the Council, the matter was not presented. A call was circulated yesterday for a special meeting to-morrow night, to consider the petition, but it may not be held until Monday evening. The ordinance conveying a right to this company to use certain streets has already

been drawn up.

The plan of the new company is to build two main lines to the northern part of the city. It will ask to be given the privilege of starting from the Union Depot, then to run north on Meridian street to the Circle, around the Circle to Market street, west on Market to Tennessee. and north on Tennessee to Twelfth. Another line, it is proposed, will start from the Meridianstreet line at the Circle, and run around the Circle to East Market street, thence on Market to Alabama, and north on Alabama to the fair grounds. There will also be a cross line, it is understood, on St. Clair street, and such other branches as may be deemed necessary are conused, and double-end platform cars of the most improved pattern will be provided. There will

improved pattern will be provided. There will also be conductors on all the cars.

John C. Brush, the attorney representing the company, was seen by a Journal reporter last evening, and he confirmed the plan as stated above. "We are not ready to make a statement to the public yet," said he, "for the reason that all the minor details of the plan have not been matured. I am willing to say, though, that the company is in carnest. We have the money to

ernish the city some first-class street-car serv-To show that we mean business, we propose to put up \$5,000 or \$10,000 as may be required, as a guarantee that we will begin work within four days after the charter is granted. We will have the line completed within reasonable time."

The route as outlined covers very much the

streets included in the Dudley franchise, and upon this point Colonel Holloway said last night:
"The projected company can't get a franchise over those streets. We have the exclusive right to them through the charter granted to us until the first of November, and they cannot be taken from us. More than that I do not believe the company intends to build a road. I wouldn't be surprised if the movement has beau inaugurated for the purpose of injuring the Dudley company. The people of Indianapolis do not want any more horse or mule car-lines. They will be satisfied with nothing short of a cable road, and that they will get."

WORRIED BY THE DUST PROBLEM.

Councilmen Renew Their Talk About Close Expenditures and Cost of Sprinkling.

The project of having the streets of Indianapolis sprinkled by authority of the Council is not as bright as it was a few days ago. There will be quite a number of bids submitted, in accord ance with the action of the Council, but the impression among the city officials is that the estimates will be so much larger than at first supposed that it will be impossible for the city to make a contract on account of its embarrassed financial condition. The bids will be opened at the next meeting of the Council, and the steps to be taken will be decided upon then. Some of the city officers think that, whatever the result of the bidding may be, there should be a considerable sum appropriated and used in laying the dust in the business part of the city anyhow. "The indications are that we will save between \$20,000 and \$30,000 on that we will save between \$20,000 and \$30,000 on the public lighting," said a councilman yesterday, "and I think some of that amount should by all means be invested in street-sprinkling. Of the amount gaved \$7,000 will go to the improvement of Garfield Park this year, and I do not see why we cannot spend equally that much in putting down the dust on the principal streets. I cannot understand how a public service so passesses to health and cleanliness. ice so necessary to health and cleanliness, so essential to the business economy and prosperity of a first-class city, and so loudly demanded by practically a unanimous population can be de-

nied, no matter what it may cost." There is a feeling among some of the best in rmed members of the Council that in the nea future some permanent plan for street sprink-ling will be agreed upon. "It is very certain," remarked one gentleman, "that the city's finances will not admit of a continuous appropriation, and I believe the better way will be to make the property pay by the front foot for the sprinkling. Such a plan could not work a hard-ship on any one, and I believe would prove entirely satisfactory.

SKIN, SCALP AND BLOOD

Diseases Cured by Cuticura Remedies When Hot Springs, Doctors and All Other Medicines Fail.

Having been a sufferer for two years and a half from a disease caused by a bruise on the leg and having been cured by the CUTICURA REMEDIES when all other methods and remedies failed. I deem it my duty to recommend them. I visited Hot Springs to no avail, and tried several doctors without success, and at last our principal druggist, Mr. John P. Finlay (to whom I shall ever feel grateful), spoke to me about CUTICURA, and I consented to give them a trial with the result that I am perfectly cured. There is now no sore about me. I think I can show the largest surface where my suffering sprang from of any one in the State. The CUTICURA REMEDIES are the best blood and skin cures manufactured. I refer to druggist John P. Finlay and Dr. D. C. Montgomery, both of this place, and to Dr. Smith, of Lake Lee, Miss.

ALEXANDER BEACH, Greenville, Miss. Mr. Beach used the OUMCURA REMEDIES, at our request, with results as above stated.

Scrofula 7 Years Cured. I have been troubled with scrofula seven years, which first started on the top of my head, giving me infinite trouble, with constant itching, casting off dry scales, and a watery liquid exuded from under the scales. I treated it for seven years unsuccessfully, and was unable to check it, until I found your CUTICURA REMEDIES. One box CUTICURA, one cake CUTICURA SOAP, and one bottle CUTICURA RESOLVENT completely cured me, my skin becoming perfectly clear and smooth.

Skin Disease 3 Years Cured. Your CUTICURA REMEDIES did wonderful things for me. They cured my skin disease, which has been of five years' standing, after hundreds of dollars had been spent in trying to cure it. Nothing did me any good until I commenced the use of the CUTICURA REMEDIES. Qur house will never be without them.

This is the Season

When a good medicine is a necessity. The impure state of the blood, the deranged digestion and the weak condition of the body all call for the purifying. regulating and strengthening influences so happily and effectively combined in Hood's Sarsaparilla. It overcomes that tired feeling, cures headache and dyspepaia, and expels every taint of scrofula from th

"Having been afflicted with a complication of dis orders, the result of impure blood, I took Hood's Sarsaparilla, and the result was perfectly satisfactory." MRS. J. BARTON, New Haven, Conn.

"All I ask of anyone is to try a bottle of Hood's Sarsaparilla and see its quick effect. It takes less time and quantity to show its effect than any other preparation I ever heard of. I would not be without Chili, Monroe County, N. Y.

"Two months ago I commenced taking Hood's Sarsaparilla as an experiment, as I had no appetite or strength, and felt tired all the time. I attributed my condition to scrofulous humor. I had tried several different kinds of medicine, without receiving any benefit. But as soon as I had taken half a bottle of Hood's Sarsaparilla my appetite was restored and my stomach felt better. I have now taken nearly three bottles, and I never was so well in my life." MRS. JESSIE F. DOLBEARE, Parsong, R. L.

"My daughter had been siling some time with general debility, and Hood's Sarsaparilla was recommended to us. After she had taken three bottles she was completely cured and built up. It is with great pleasure that I recommend Hood's Sarsaparilla. BEN it in the house." MRS. C. A. M. HUBBARD, North M. MIRRIELEES, Supt. Cincinnati & Louisville Mail Line Co., Cincinnati.
